

EALING VILLAGE POOL ACCESS FORM

Summer 2013

All residents over 16 years of age who wish to use the pool will need their own access code.

To obtain your access code you must have read and understood the Swimming Pool Operating Policy and the Swimming Pool Rules.

If you accept those rules, please complete, sign & date the form overleaf.

Your unique access code will be allocated to you. If there are, for example, four adults in your flat, each adult will need to fill out this form, choosing their own individual four digit code.

Access codes are non-transferable.

Do not share your code with anyone. If someone else learns your code, please let the Estates Office know immediately or email pool@ealingvillage.com. This is to ensure the health, safety and enjoyment of all pool users.

By signing below, you also accept responsibility for ensuring that any guest(s) that you bring to the pool (maximum 2) will have read and understood the Swimming Pool Operating Policy and the Swimming Pool Rules.

Breaking the Swimming Pool Rules will result in your access code being withdrawn.

The access code consists of your four digit flat number, and a four digit code of your own choice.

Example Code

John Doe in flat 1 will have a code beginning 0001, followed by a four digit code of his choice, such as 1234.

Jane Doe in flat 1 will have 0001 followed by a four digit code of her choice, such as 4321.

Example form:
