

Dear Resident,

July 22, 2011

You were recently sent letters requesting your phone number, so that it can be programmed into the gates for visitor's arrival. For those who have still not responded, please do so as soon as possible.

We are in the process of testing the Main Vehicular gates, with a view to having them completely operational and functioning by the end of August.

Fobs and instruction packs will be available shortly. Each flat will be allotted 1 fob at no cost. Residents will need the fob to open the main vehicular gates only. Additional fobs can be purchased for £15 each.

The front pedestrian gates are now powered up and functioning.

They work in a similar manner to the back gate. At the moment they will be locked from 7:00pm – 7:00am. During those hours you will need to put in the four-digit code. This is same four-digit code as is used for the back gate. If you need a reminder of the code please contact Crabtree. As with the back gate, please be discerning and only give the code to trusted family and friends.

Transport For London have requested that we keep the main vehicular gates open from 7:00 am – 7:00pm. If you have a desire to keep the gates open beyond these hours, please indicate your preference by ticking one of the boxes below, tear off and return the filled out slip to flat 122 by August 15th.

Name _____ Flat number _____

I would like the main vehicular gates to stay open from:

7am-8pm

7am-9pm

7am- 10pm

Signature _____
