### First Aid and Rescue from Water Training

As part of a package of measures to maximise safety at the pool, EVL is looking to provide further training for residents in first aid, CPR and rescue from water.

For more information will be posted on the website and on the notice boards.

### Contacts

CLS is our contracted pool maintenance specialists. Their number is 01622 795 123

If you identify a maintenance issue that requires immediate attention, such as foul matter in the pool, please contact CLS.

### In An Emergency

**If there is a pool  
emergency press the  
alarm to notify others.**

**The alarm is positioned on  
the central clubhouse  
pillar.**

**If necessary call 999.**

**Use the rescue equipment  
at the side of the pool to  
help the person to safety.  
Stay calm.**

## Ealing Village Pool Use Rules & Guidance

All flats will have received a copy of the Ealing Village Pool Rules as part of the Ealing Village Pool Operating Policy, which was distributed at the end of May. Now that summer is here (albeit playing hide and seek), below is a quick reference reminder.

Ealing Village swimming pool is an enjoyable facility for all residents to use. It can also be an unsafe place. Water presents a risk of drowning, and injuries can occur from hitting the hard surrounds, or from misuse of the equipment.

These rules, along with the accompanying guidance, have been drafted to maximise your safety and enjoyment of the pool whilst reduce the risk of injury or drowning.

### Pool Rules

**Please read before entering pool area & follow the rules at all times.**

- There is no lifeguard at Ealing Village Pool. The pool is unsupervised and it is used at your own risk
- Users must obey notices and instructions. By entering the pool area, all users and guests agree to abide by the pool rules
- The pool is open during daylight hours only. The pool area is closed between 22.00 and 06.00
- No children under the age of 16 are to use the pool unless constantly supervised by an adult

- No running in the pool area
- No glass allowed in the pool area
- No diving at the shallow end of the pool
- Do not climb on the fountain
- Emergency equipment must not be used for recreational purposes
- No unauthorised access to the plant room
- Inflatable toys should be used minimally and removed from the pool when they are not in use.
- Do not sit or lean on the pool cover
- All users of the pool must behave with consideration for their neighbours. Residents take priority over guests
- A maximum of 2 guests per flat is allowed. Residents must accompany their guests at all times and take full responsibility for their actions.
- Residents who do not follow the rules may be asked to leave the pool area. Serious breach of these safety rules may result in you being barred from using the pool.

### Guidance

The swimming pool has a maximum depth of 2.44 metres. The shallow end is 1.50 metres deep. Many children cannot stand in this depth.

- Pool users should be bear in mind that there is an increased risk in swimming alone
- Take care when entering the pool, particularly when diving, to avoid collision with other swimmers.
- Obtain medical advice before using the pool if you suffer from an on going medical condition such as epilepsy, asthma, diabetes or heart problems or limited mobility.
- It is advised NOT to swim immediately after eating.
- Your judgement may be impaired if you have consumed alcohol.
- Children, poor or non swimmers must be supervised by an adult at all times. If you need to leave the pool area, even for a very short time, you must take your children with you.
- Teach your children to swim. However, do not rely on this. It is still possible that children can drown.
- There is no entry to the clubhouse through the lavatories.
- The 2 guest limit may be reduced at busy times and weekends.
- Please put your litter in the bins provided or take home with you if necessary
